KUNDANA LAKSHMI D

Finance Analyst | FP&A | MIS & Management Reporting | Financial Reporting

Bengaluru, India | lakshmidupaguntla12@gmail.com | +91 7013330203 | CMA | MBA Finance

PROFESSIONAL SUMMARY

Finance professional with 4+ years of experience at ABB India Limited across FP&A, MIS reporting, financial reporting, monthly closing, forecasting support and profitability analysis. Skilled in converting SAP and financial data into management-ready reports, decks and insights covering orders, margin, backlog, cancellations, COGS, KPIs and revenue/result analysis. Targeting FP&A, Business Finance, Financial Reporting and MIS Analyst roles requiring strong accounting knowledge, analytical thinking and stakeholder-ready reporting.

CAREER HIGHLIGHTS FOR FP&A

- **FP&A & MIS Reporting:** Prepare weekly and monthly MIS reports and senior management presentations for order intake, margin, backlog, cancellations and completion-status analysis.
- **Forecasting & Planning Support:** Support rolling monthly/quarterly forecasts and Annual Operating Plan monitoring by tracking financial performance against KPIs.
- **Financial Control & Closing:** Handle monthly book-closing support, book maintenance, reconciliations, exception reviews and cost analysis to support accurate reporting.
- **Profitability & Business Insights:** Analyze product-wise profitability, COGS, margin movements, overdue items and ad-hoc requests to provide actionable inputs to management.
- **Process & SAP Exposure:** Set up/review SAP allocation cycles and support incoming-order runs, CRM order closure, RA scheduling, revenue recognition and result analysis.

CORE COMPETENCIES & TOOLS

Planning & Reporting: FP&A, budgeting and forecasting, KPI tracking, MIS dashboards, management review packs, leadership decks.

Financial Analysis: Variance analysis, product profitability, margin, backlog, cancellations, COGS, overdue reporting, ad-hoc analysis.

Accounting & Controls: P&L, balance sheet, cash flow, book closing, reconciliations, exception review, revenue recognition, result analysis.

Systems & Productivity: SAP reporting, allocation cycles, incoming-order runs, CRM order closure, RA scheduling, MS Excel, MS PowerPoint.

PROFESSIONAL EXPERIENCE

ABB | Financial Planning & Analysis Specialist - CoE | Bengaluru | Dec 2021 - Present

- Support FP&A, monthly book closing, maintenance of books, cost analysis and financial reporting for ABB India Limited.
- Prepare management review packages, MIS reports and presentation decks by assembling, summarizing and explaining financial data for senior management.
- Develop rolling monthly and quarterly forecasts and support KPI tracking to monitor business performance against plan.
- Perform product-wise profitability, COGS, margin, backlog, cancellation, completion-status and KPI analysis to identify trends and business implications.
- Validate financial data and business information through reconciliations and exception reviews to strengthen reporting accuracy and controllership.
- Execute revenue recognition and result-analysis activities, including SAP runs for incoming orders, CRM order closure and RA scheduling.
- Set up, run and review SAP allocation cycles to support accurate cost allocation, reporting and management analysis.
- Contributed to a successful FTP transition and received ABB Way Appreciation Certificate for contribution to process execution and business support.
